Partner With AVTECH

Antelope Valley Technical Institute • Building Tomorrow's Tech Workforce

AVTECH is launching a new workforce and technology training institute in the Antelope Valley focused on providing hands-on, accessible education in IT and digital skills. We are currently seeking founding partners to help us equip our first training lab, launch our first student cohort, and create pathways from education to employment for local youth.

Founding Partner Opportunities

Fund a Cohort: Sponsor student stipends, instructional guides, or technology equipment. **Provide Space:** Offer classroom or lab space for training while AVTECH secures its permanent facility. **Donate Technology:** Laptops, monitors, networking gear, and peripherals for student use. **Mentor or Hire:** Provide guest speakers, mentors, or employment opportunities for graduates.

Cohort Model Overview

AVTECH cohorts follow a structured 16-week guide-led model aligned with WIOA and industry standards: 2 Hours per Day, Monday–Friday Sequence: Google Fundamentals → Google IT Support Certificate 2 Guides per Cohort Hands-on Labs + Career Coaching Reporting Metrics: Enrollment, Credential, Placement, Retention, and Wage Outcomes

Launch Roadmap

Phase	Focus	Status
1	Legal & Nonprofit Setup	■ Complete / In Progress
2	Partner Outreach & Funding	■ Active
3	Facility & Equipment Setup	■ Pending
4	First Cohort Launch (Winter 2026)	■ Coming Soon

AVTECH is ready to collaborate with community organizations, local employers, and public agencies to launch a sustainable technology training hub in the Antelope Valley. Join us as a founding partner and help make equitable tech education a reality.
